# WARRANT FOR ANNUAL MEETING

## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Wilton in the County of Hillsborough and State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton on Tuesday, the 14th day of March next, at nine o'clock in the forenoon to one o'clock in the afternoon, to act upon the following subjects.

1. To choose all necessary town officers, and Delegates and Alternates to the National Conventions of the various political parties.

2. To hear the reports of town officers, agents and committees and pass any vote relating thereto.

3. To see if the town will grant the free use of the town hall for the following purposes: Roy Bent Post No. 10 American Legion, Wilton Fire Department, for their annual party, Roy Bent Post No. 10 American Legion for Memorial Day exercises, Parent-Teacher Association.

4. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

5. To see what action the town will take in regard to real estate taken over by the town for non-payment of taxes.

6. To see if the town will vote to raise and appropriate the sum of \$400—to purchase land for a new dump and also raise and appropriate the additional sum of \$100 for maintenance of said dump, or take any action relating thereto.

7. To see if the town will vote to accept the budget

as prepared by the budget committee or make any alterations relating thereto.

8. To see if the town will vote to raise and appropriate the sum of \$201.00 to the Monadnock Region Association of Southern New Hampshire for the issuance and distribution of printed matter, newspaper and magazine advertising, calling attention to the resources and natural advantages of the town in cooperation with the other thirty-seven towns of the Monadnock Region.

9. To see if the town will vote to raise and appropriate the sum of \$50.00 for the use of the Town Planning Board or take any action relating thereto.

10. To see if the town will authorize the Tax Collector to appoint a deputy or deputies, under the provisions of Chapter 80, Section 42, Revised Laws of New Hampshire, or take any action relating thereto.

11. To see if the town will determine the amount of compensation to be paid the Treasurer of the Trustees of Trust Funds and raise and appropriate such compensation or take any action relating thereto in accordance with the provisions of Chapter 51, Section 28, Revised Laws of New Hampshire as amended.

12. To see if the town will vote to raise and appropriate the sum of \$2000 for the development and improvement of the new Denny Extension of the Laurel Hill Cemetery or take any action relating thereto.

13. To see if the town will vote to adopt the rules and regulations drawn up by the Selectmen concerning the sale of lots and use of the public cemeteries in Wilton or take any action relating thereto.

14. To see if the town will vote to raise and appropriate the sum of \$1000 for the installation of a fire

escape on the Town Hall Building or take any action relating thereto.

15. To see if the town will vote to raise and appropriate the sum of \$50 for the use of the Town Forest Committee or take any action relating thereto.

16. To see if the town will vote to raise and appropriate the sum of \$2000 to be set aside for a Post-War Fund for the erection of a suitable building for the use of the Fire and Highway Departments of said town in accordance with the provisions of Chapter 160 of the Revised Laws of New Hampshire or take any action relating thereto.

17. To see if the town will vote to amend the Wilton traffic and parking ordinances adopted at the town meeting of March 1938, by adding to Article 1, Section 1 thereof a new sub-division g, viz: No parking on north side of Tremont Street between corner of Prince and Tremont Streets and the junction of Livermore Street with said Tremont Street or take any action relating thereto.

18. To see what sum of money the town will vote to raise and appropriate to defray town charges for the ensuing year, including town officers' salaries and expenses, election and registration, town hall maintenance and equipment, police department, fire department, health department, vital statistics, sewer and water maintenance, town road aid, town maintenance, parks and playgrounds, street lighting, Municipal Court, town poor, old age assistance, aid to soldiers and their families, Memorial Day, cemeteries, interest, bonds, county taxes, Monadnock Region Association, libraries, town forest, bridges, new lands and buildings, Planning Board, sidewalk construction, temporary notes, town dump and maintenance.

19. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 28th day of February, A. D. 1944.

WILLIAM P. WHITING,  
LESLIE N. CENTER,  
PETER J. DUGAN,  
Selectmen of Wilton, N. H.

## BUDGET

**Estimates of Revenue and Expenditures for the En-  
suing Year, Feb. 1, 1944 to Dec. 31, 1944, Com-  
pared with Actual Revenue and Expenditures

## REPORT OF AUDITORS

Selectmen, Town of Wilton:

We have completed our audit of the books of the various officers of the town for the year ending January 31, 1944 and find them in good order.

The records of the Trustees of the Trust Funds, Trustees of the Wilton Public Library, and Judge of the Municipal Court have all been checked and found correct.

We have gone over the records of the Water Commissioners for sales, receipts and uncollected balance as of January 31 and found them to be correct. Collections were properly turned over to the Treasurer regularly. Town Clerk's records on registrations of automobile and dog licenses have been checked and found correct and collections turned over to the Town Treasurer.

The warrants, receipts, and uncollected balance of the Tax Collectors have been checked and found to be correct.

The uncollected accounts of the Tax Collectors and the Town Water Commissioners have been verified by sending individual notices to each debtor.

The records and reports of the Selectmen and the Town Treasurer have been checked and found correct. All invoices paid were on file and properly vouched for.

We were pleased to note a sizable decrease in the outstanding balances of accounts receivable in the water department and think that the Commissioners should be commended for their efforts.

This year we recommend that the Cemetery Annual Care accounts be kept by the selectmen, all billing and collecting to be done by their office. This method will require a slight change in the present bookkeeping procedure of that account. We will be pleased to recommend a system which will enable the auditors to make a more complete audit and verification of accounts.

In the balance sheet the amount due from Trustees of Trust Funds is shown as \$175.00. This was an estimate only and the correct amount should be \$231.50.

We very much appreciate the cooperation of the Town Officers in presenting their records for audit so promptly, and congratulate them on their appearance.

JOHN T. HURLEY,

J. ELMER DRAPER,

Auditors of the Town.

February 25, 1944.

## ADDITION TO REPORT OF TRUST FUNDS

To the report of the Trust Funds of the Town of Wilton, beginning on Page 101, the following additions should be made:

Hannah Howard Fund for School Purposes. 11 shares Am. Tel. & Tel. Co. stock, \$1430.00 at 9%. Income during year \$123.75; expended during year \$123.75. One Boston & Maine R. R. Gold Bond, \$1000 at 5%. Income \$68.75; expended during year \$68.75

Isaac Spalding Fund for School Purposes. One Atchison, Topeka & Santa Fe R.R. Bond, \$5000 at 4%. Income \$200; expended during year \$200. Northern Pacific & Great Northern R.R. Bond, \$2000 at 6%. Income \$120; expended during year \$120. 12 shares Am. Tel. & Tel. Co. stock, \$1560 at 9%. Income \$108, expended during year \$108.

Also a Fund amounting to \$209.04 was presented to the town by the Wilton Worsted Workers Association, to be used by the town for the entertainment of those who shall return from the armed services at the conclusion of the present war.

## REPORT OF TRUSTEES OF TRUST FUNDS

Twelve new trust funds for care of cemetery lots were received during the year, making the total of funds for that purpose 128. Additional funds were received for care of David E. Proctor and George Bean and George Langley lots to the amounts of \$200.00 and \$100.00 respectively. Funds for care of cemetery lots total \$15,635.00. Income for the year was \$376.33 and the sum of \$231.50 was paid for care of lots. Balance in Wilton National Bank is \$39.31.

The receipts of the Howard and Spalding School Funds were paid to the Treasurer of the School District.

A list of Trust Funds showing receipts and expenditures appears elsewhere in this Report.

Respectfully submitted,

W. L. STANTON,  
For the Trustees.

## REPORT OF WATER COMMISSIONERS

During the past year we have had about the usual number of pipe and goose-neck breaks, and repair work to attend, etc.

One new service has been installed and none discontinued. A few services have been temporarily discontinued due to tenant vacancy. Some services have been renewed where rust filling the service pipes caused the pressure to be considerably reduced.

During the spring of 1943 the flooding of Sheldon meadow from beaver dams caused complaints on the taste and color of the water from this supply. Water was used from the Stockwell or new reservoir practically all summer. As the season was not very dry this supply did not get too low. The leak in the new reservoir dam seems to be about the same as in past years. The State Fish and Game Department have taken some beavers from Sheldon meadow and eliminated some of the dams during the past year. After the trapping season in March 1944 they will see that all the beavers are eliminated from this area.

OMER J. SHEA,  
LESLIE N. CENTER,  
JAMES SHELDON.

 Chief of Police.

## REPORT OF MUNICIPAL COURT WILTON, N. H.

During the fiscal year ending January 31, 1944, there were twenty-six criminal cases. Nine of the criminal cases involved local persons and seventeen out of town.

The criminal cases consisted of eight motor vehicle violations, seven fish and game violations, five drunks, two dogs running at large, one bastardy, one assault, one larceny, and one failure to comply with State Unemployment Compensation Law.

I hereby submit the usual:

### FINANCIAL REPORT

First Aid Refresher Classes	4
Red Cross Home Service	
Official appointments	6
Home visits	12
Letters answered	7
Telegrams sent	15

Respectfully submitted,  
EDNA J. GILBERT, R. N.

## REPORT OF FOREST COMMITTEE

No work has been done or expense incurred by the Town Forest Committee during the past year. The Committee would recommend that the sum of Fifty Dollars be raised and appropriated for any work that may be necessary during the coming year and if unexpended be left in a fund to be accumulated during the coming years and held for Post War Town Forest work.

Respectfully submitted,

JAMES E. BURKE,  
PHILIP C. HEALD,  
HAROLD D. CHEEVER.

Wilton, N. H., Jan. 31, 1944.

## REPORT OF FIRE DEPARTMENT

Due to the war this department has lost the services of several experienced men. These men have been replaced by others. However, because of the rationing we have been unable to give them sufficient outside training.

Our major fires were at Carl Lien's, David Whiting & Sons', the residence of Linwood Poole and apartment house of Elmore LaMarche. These fires started in extremely cold weather, but with the fine work of the firemen these losses were held to a minimum. Also an alarm was answered in Milford at the Hillsborough Mills office.

Owing to the times, equipment and replacements have been impossible to obtain. Therefore, in the future expenditures may be greater than in the past year.

As usual there have been too many still alarms for chimney and grass fires.

Your cooperation is requested in using maximum care in spring burning. As this is a volunteer department, and most of the men are on defense work, their time is much more valuable to the war effort than answering alarms due to carelessness.

Respectfully submitted,

HARRY W. MONSON,  
WILFRID S. PELLERIN,  
WILFRID BERUBE,  
Board of Engineers.

## REPORT OF THE FOREST FIRE WARDENS

Due to fine cooperation of the people of Wilton there has been no forest fires during the past year. The fire hazard is as great, however, and we hope that there will be a continuation of this vigilance. As stated before, please notify Wilton operator at once if any signs of fire are noticed. On the other hand, please ascertain that it is a fire before ringing in the alarm. After the snow is gone be sure to have a permit to burn as fires can be seen from the Lookout stations and will cause unnecessary investigations. The expense of these must be paid by the party at fault.

Respectfully submitted,

HARRY W. MONSON, Phone 3-5,  
Forest Fire Warden.

Deputies:

Wilfrid Berube, Phone 90-2

Wilfrid S. Pellerin, Phone, days 59, nights 113-3

Charles N. Stearns, Phone 111-12

J. V. Tuttle, Phone 63-14

Lawrence Paro

## REPORT OF PARK AND PLAYGROUND COMMISSION

During the past year the usual work in keeping the Park mowed and in a neat and tidy condition was done with the limited funds appropriated by the Town. Mr. Varley who did the work is to be commended for the excellent work done with the scarcity of labor, tools and funds at his command. The power mower bought several years ago and used on the park has been repeatedly repaired until it has probably gone beyond repair. It was a light machine and only adapted for graded land and not heavy enough to stand up on the rough ungraded part of the park. This will greatly increase the difficulties of the Park Commission next year in the care of the Park in accordance with the terms of donors' gift which the town accepted.

There has been little interest or cooperation shown by the townspeople in making this civic project a useful and attractive asset to the town.

An appropriation of \$500 will be necessary to keep the Park in good condition for the coming year.

Respectfully submitted,

HAROLD D. CHEEVER,  
for Park Commissioners.

Wilton, N. H., Jan. 31, 1944.

## REPORT OF PLANNING BOARD

1. We have discussed at length the plan of the Denney Section of the Laurel Hill Cemetery as developed by the late Mr. L. L. Junkins and the Selectmen and have studied their proposed regulations, which will be presented to the Town for adoption in the form of an article in the Warrant. We recommend the adoption of it.

2. The State Highway Department has assured us that any proposed new road construction through the Town or by-passing the Town will be discussed at a public hearing in the Town so that all citizens will be given an opportunity to be heard before any definite construction is started.

3. Again, parking and traffic ordinances were discussed. Although several improvements in parking and traffic regulations could be made, we recommend that they be not elaborated upon until such time as proper enforcements of them can be carried out. This necessitates additional police personnel.

4. Much time was given to discussing the matter of installing a sprinkler system in the school building with the prime purchase at lessening the possibility of a serious fire injuring the pupils. This system would amortize over a period of years by reduced fire insurance rates.

5. Suitable living conditions for the school teachers is a serious threat to the town to maintain a teaching staff of high quality. We have in the past lost some excellent teachers and may quite possibly again if we do not give more thought to this situation. At present the teachers are situated very well; however, this has not always been the case.

Respectfully submitted,

WILLIAM P. WHITING, Chairman,  
ROY KILLKELLEY,  
WHITNEY M. FRYE,  
ALICE F. HERLIHY,  
MARY F. GAY.

## WILTON SCHOOL DISTRICT

### SCHOOL DISTRICT OFFICERS

	Term Expires
Moderator, J. Elmer Draper	March, 1944
Clerk, Miss Dorothy Cunningham	March, 1944

## Warrant for Annual School Meeting

### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Wilton qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 14th day of March, 1944, at 2:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years; also one for one year.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see if the district will vote to elect district officers by an official ballot.
10. To see if the district will vote to adopt the pro-

visions of the Non-Partisan Ballot System as provided in the Laws of 1943, Chapter 22, Section 5.

Given under our hands at said Wilton this 25th day of February 1944.

WHITNEY M. FRYE,  
ELIZABETH M. PIERCE,  
MARY F. GAY,  
School Board.

## BUDGET—1944-1945

Estimat of proposed expenditures in the School District of Wilton for the fiscal year July 1, 1944 to June 30, 1945, and recommendations of sums to be assessed, including statutory requirements.

## AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the Treasurer of the School District of Wilton, of which the above is a true summary for the fiscal year ending June 30, 1943, and find them correct in all respects.

J. ELMER DRAPER,  
JOHN T. HURLEY,  
Auditors.

## REPORT OF THE SCHOOL BOARD

In the School Board's report for the year ending July 1, 1941 we endeavored to make a very comprehensive report on the schools. For the year ending July 1, 1942 we again covered the ground taken up in 1941, but laid stress on the educational side of the school.

This year, believing the citizens are particularly interested in the finances of the school, we are covering in detail, the expenditures during the fiscal year ending July 1, 1943. We are also covering in our report this year, other details which we think will be of interest to the citizens.

Last year we were fortunate in having a teacher for shop, but this year it was impossible to obtain an instructor, and we therefore had to drop the matter. We regret exceedingly, that we had to do this, but under conditions existing at this time, there was nothing that we could do except to give up the course.

The program of studies in the high school is practically the same as the previous year, except for a few minor details. We are offering a course in aeronautics, which has met with favor.

On November 29, 1943 Mr. James D. Abbott, a member of the Board, asked to be released from the Board, and his resignation was accepted. Mrs. Molly Gay, a former school board member, accepted the vacancy until the next school meeting in March, and is now acting on the Board.

During the year, Mr. John K. Whiting offered to the High School a valuable grandfather clock, which the Board accepted, and Mr. Whiting had this clock installed in the library of the school building. We take this opportunity of thanking Mr. Whiting for his kind gift to the school.

If times had been normal, the School Board would

have asked last year for a considerable sum of money for repairs, and new equipment, in and about the school property. The boys' toilet needs an entire replacement, and will probably cost \$1000.00 to \$1200.00. The auditorium roof needs material work done on the same, and will cost the better part of \$1000.00. Stair treads and floors in the old school part of the building are in bad condition and will have to be entirely replaced. The wood understructure in the auditorium has never been completely repaired and that will have to be taken care of in the near future. The matter of installing modern fire sprinkler system throughout the school buildings should be given serious consideration, as this item over a period of years would pay for itself, and immediately that it was installed there would be almost a guarantee of fire protection of 100%. Also fire escape from the second story of the school has had serious consideration by the School Board, and should have further investigation. All these details of repair add up to a material sum of money, and the School Board feels that they should definitely be brought to the attention of the citizens.

The Wilton School Board uses this classification:

An Analysis of the Classification of Financial Items for  
the N. H. School District as defined by the  
State Board of Education

**A. Administration,**

1. School District Officers
  - a. Salaries of the School Board
  - b. Salary of the district treasurer
2. Superintendent's Excess Salary
  - a. That part of the superintendent's salary apportioned to the district and paid to the treasurer of the Supervisory Union

3. Truant Officer and School Census
  - a. Salary of truant officer
  - b. Expense of making the annual enumeration of children
4. Expenses of Administration
  - a. Salaries of officials in charge of research
  - b. Clerical assistants, stenographer
  - c. Telephone
  - d. Supplies as ink, pencils, paper, carbon paper and other materials which do not usually last more than a year
  - e. Freight and cartage
  - f. Travel outside the Union

#### **B. Instruction**

5. Principal's and Teachers' Salaries
  - a. The salary of the Principal who is in charge of the school
  - b. The salaries of the teachers include the pay of all persons engaged half time or more in class room instruction
  - c. Substitutes
6. Textbooks
  - a. The cost of books furnished to pupils
7. Scholars' Supplies
  - a. Supplies which when used are actually consumed, as writing and drawing paper, blank books, work books, chalk, ink, magazines; test tubes and chemicals; food, laboratory supplies and fuel for Domestic Science classes; freight on supplies and any supplies used in instruction.
8. Flags and Appurtenances
  - a. Flags, flag ropes and flag poles (limited by law to a sum not exceeding \$10.00 per school unless by special appropriation)
9. Other Expense of Instruction
  - a. Expenditures for diplomas, commencement exercises, assembly speakers

- b. Purchase and replacement of reference books
- c. Material connected with school library

### **C. Operation and Maintenance of School Plant**

#### **10. Janitor's Salary**

- a. Salary of janitor who keeps the physical plant open and ready for use as routine cleaning, disinfecting, heating, moving furniture, care of equipment, building and grounds.

#### **11. Fuel**

- a. The cost of fuel for heating plus freight, cartage and the other expenses of delivery

#### **12. Water, Light, and Janitor's Supplies**

- a. Water
- b. Electricity for lighting
- c. Janitor's supplies as electric light bulbs, soap, paper cups, towels, sweeping compounds, brooms, mops, etc.

#### **13. Minor Repairs and Expenses**

- a. Cleaning schoolhouses
- b. Replacing window glass
- c. Repairing locks, desks
- d. Painting walls and ceilings
- e. Oiling floors

### **D. Auxiliary Agencies and Special Activities**

#### **14. Health Supervision**

- a. School Nurse
- b. Examinations by doctors
- c. First Aid supplies

#### **15. Transportation**

- a. Expenditures for transportation furnished by privately or publicly owned cars and buses

#### **18. Other Special Activities**

- a. School lunches
- b. School athletics, equipment and supplies

### **E. Fixed Charges**

- 19. Insurance
  - a. Insurance on building and equipment
- 20. Per Capita Tax
  - a. This tax is for state wide supervision and is determined by the annual report of the district showing total number of children, resident in the town, who are attending any public schools in the state

#### **F. Outlay for Construction and Equipment**

- 23. New Equipment
  - a. Includes equipment which will last a period of years as blackboards, chairs, desks, pianos, sewing machines, typewriters, etc.

#### **G. Debt, Interest and Other Charges**

- 24. Payment of Principal of Debt
  - a. Payment of legal obligations of the district as contracted by the school board
- 25. Payments of Interest on Debt
  - a. Payments of interest on debts of the district as contracted by the school board
- 26. Obligations from Previous Year
  - a. Usually bills not sent to school board before June 30 when books are closed for the year.

The following report was requested by the School Board and presented by Mrs. V. S. Ames as Director of School Lunch:

Average No. Children, November to February:  
 Last Year 82 daily,  
 This Year 85 daily.

Expenses last year were a few cents less than receipts.

There can be no comparison between expenses of last year and this because we had the surplus commodities until April, when we were allowed instead five cents for each pupil daily; this year there are no com-

modities and we are allowed seven cents per child. That is, there is federal reimbursement for certain types of food purchased such as meat, eggs, peas, beans, butter and oleomargarine, cooking fats, cereals, fresh fruits and canned and fresh vegetables, and this seven cents is based on these foods and does not include all that are needed. Last year each pupil paid 10 cents. This year the pupils from 1-6 grades paid 10 cents, Junior and Senior High 15 cents up to January 10, when because of the increasing cost of food, the price of tickets for each grade except first and second became 15 cents.

Of the \$250 made available by the town toward the expenses of school lunch, \$125 has been used.

We were helped last year by several people who gave fruit and vegetables, both fresh and canned, and by many women who gave their services for three or four hours each week. This year we have also had several gifts of fresh fruit and vegetables and much more canned food than last year, as some vegetables were canned in the summer for the lunch and at least 10 dozen cans of vegetables and pickles were done by the Domestic Science classes from vegetables given for that purpose. Recently from apples contributed, four quarts of jelly and 12 quarts of applesauce have been made, the sugar used being paid for by the lunch, and the time and work given.

A much smaller number of women have given their services, though we have two women who give three hours each week and several who come in at irregular intervals. Knowing that many women were working and that there has been much sickness we felt that there would not be so much free service available and so provided for three paid workers, two of whom come at 8:30 and stay until 2:30 or 3, and one who comes from 9:30 to 2:30 or 3.

Of the 85 children that come to the lunch, 50 come

by bus, 10 have mothers who work, 15 have a long walk up hill, five live in village, and five are there for various other reasons.

SCHOOL BOARD OF WILTON, N. H.,

WHITNEY M. FRYE, Chairman,  
ELIZABETH M. PIERCE, Secretary,  
MARY F. GAY.

## REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of Wilton:

I respectfully submit my twenty-first annual report as Superintendent of Schools:

### The Shortage of Teachers is Serious

Since Pearl Harbor 120,000 teachers or one-eighth of all the teachers in the United States have left the profession for causes directly due to the war emergency. The largest source of replacement is the teachers colleges, but the enrollment in these institutions has fallen off 60% in the same period. Some vacancies have been filled with teachers of lower than standard qualifications and many schools throughout the country have been closed. There is no indication that this condition will not be worse next year.

The most pertinent facts in the situation are these:

1. The country over, about one-fourth of all the teachers (254,000) are getting less than \$1200 salary this year. In New Hampshire nearly one-half (45%) are paid less than \$1200. In Maine and Vermont the proportion is slightly above 50%, but in the other New England states and in New York, New Jersey, Pennsylvania, Delaware, and Maryland, fewer than 5% are paid less than \$1200.

2. Teachers' salaries in the United States have increased on the average about 10% above the level of 1939. Thousands of teachers see their former students scarcely out of high school making better wages than teachers of long experience.

3. The pay of the average factory worker the country over is 80% higher than it was in 1939, workers in ship yards have doubled their earnings, and the net income of farmers has more than doubled.

4. Until 1940 teachers were exempt from paying federal income tax. Now a single teacher with no de-

pendents with a salary of \$1200 pays \$140 income tax. No special salary adjustment has been made in recognition of this fact.

5. In the same period in which teachers' salaries have increased 10% the cost of living has increased 26%, so that in purchasing power teachers' salaries are lower than they were in 1939. The teacher who received \$1200 in 1939 is actually worse off today with her 10% larger salary of \$1320; she pays \$164 of it in income tax, and the remaining \$1156 will buy only slightly more than \$900 would buy in 1939. The factory worker who was getting \$1200 in 1939 and is now getting 80% more, or \$2160, pays \$332 income tax, and the remaining \$1828 will buy slightly more than \$1450 would buy in 1939.

It is circumstances like these that are to blame for the teacher shortage. It is not to be wondered at that teachers feel themselves forced out of the school when they cannot cover the increase in taxes and the cost of living on the salaries they are paid, but can go into industry and command an average salary of at least \$600 more. In fact most teachers are far better trained than the average wage earner and can command not the average but the top wages in industry. Teachers like everyone else must have the necessities of subsistence and must meet the usual obligations that require thrift and economic independence, to provide for the uncertainties of life. But the teacher has other obligations; he is charged with passing on the ideals and standards of good living and the culture of our democracy. To do this requires cultural and professional preparation.

It is evident that the salary question is the main issue and we must think of this not merely in terms of the requests of teachers for higher salaries, but from the standpoint of the type of service the public schools must have. We must protect the educational oppor-

tunities of the children. With juvenile delinquency on the increase, competent teachers are more necessary even than in ordinary times. It is not possible to name a figure that would represent the actual worth of a good teacher, but each community may well ponder whether it can afford to employ a teacher who is not worth much more than is now the prevailing salary.

In order to make possible a comparison of the foregoing facts regarding teachers' salaries with the experience in Wilton covering the same period, the following figures are taken from the records. In 1939-'40 the six teachers in the grades received \$1000 each; this year the salaries range from \$1100 to \$1200 with an average of \$1158. This represents an increase of 15.8%. It should be noted, however, that only one of the 1939 teachers is still with us.

In 1939-'40 the teachers in grades 7 to 12 received an average of \$1215; this year the average is \$1458; an increase of 20%. Here it should be noted that there has been a complete change in the teaching staff.

The total salaries in the budget for 1939-'40, including the teachers cited above and the headmaster and music teacher, was \$16,900; for the current year it is \$19,150, an increase of 16.3%.

While these percentage increases compare favorably with the general average, it should be noted that they start from a relatively low salary level, particularly in the lower grades. The almost complete turnover in personnel is evidence that the salary scale was too low to hold experienced teachers.

### **Wilton High School Graduates**

The following is a summary, taken from the records kept in my office of the reports received from the various colleges and vocational schools which graduates of Wilton High School have attended. These records begin with the class of 1922 and include all

who have been reported officially by the registrars of the various institutions attended.

Eighty-two graduates have attended 21 different liberal arts and technical colleges; 49 of these attended the University of New Hampshire.

Forty-two graduates have attended vocational schools; 19 at Nashua Business College, nine at Keene Teachers College, three at Plymouth Teachers College, and 11 at nine other vocational schools.

In examining the following data it should be kept in mind: (1) that these records cover either the first semester or first complete year in college; (2) that those who had high school records below 85 are not recommended to the colleges on the basis of scholarship; (3) that the "passing mark" in high school is 70, while in college it is generally 60.

Twenty-four members of the graduating classes of 1922 to 1928, inclusive, attended 12 different institutions (11 of them at U. N. H.):

Of the nine whose high school averages were 90 or better three made college records of 85 to 90; three, 80 to 85; three, 70 to 80.

Of the four whose high school averages were between 85 and 90 one made a college record of 82; one, of 75; and two of 68.

Of the 10 whose high school averages were between 80 and 85 five made college records in the 70's; four, in the 60's; and one failed.

One graduate with a high school average of 79 made a college record of 83.

Thirty-six from the graduating classes of 1929-1935, inclusive, attended eleven different institutions (22 at U. N. H.):

Of the eight whose high school averages were above 90 one made a college record between 85 to 90; three, 80 to 85; four, in the 70's.

Of the 13 whose high school averages were between 85 and 90 two made a college record between 85 and 90; three, 80 to 85; eight, in the 70's.

Of the eight whose high school averages were between 80 and 85 seven made college records in the 70's; and one in the 60's.

Of the seven whose high school averages were between 70 and 80 two made a college record between 80 and 85; two, in the 70's; one, in the 60's; and two failed.

Twenty-two from the graduating classes from 1936-1943, inclusive, attended seven different institutions (16 at U. N. H.)

No one made a record below 70.

Of the seven whose high school averages were 90 or better one made a college record of 90 or better; four, 85 to 90; one, 80 to 85; one in the 70's.

Of the eight whose high school averages were between 85 and 90 one made a college record between 85 and 90; one, 80 to 85; six, in the 70's.

Of the four whose high school averages were between 70 and 80 two made a college record between 80 and 85; and two, in the 70's.

As for those graduates who attended vocational schools, we have no record covering the graduating classes of 1922 to 1928.

Thirteen members of the classes of 1929 to 1935, inclusive, show the following:

One with a high school average above 90 made an average above 85 in vocational school.

Of the seven whose high school averages were between 85 and 90 one made a record above 90; five, 85 to 90; one, 80 to 85:

Of the two whose high school averages were between 80 and 85 one made a record between 85 and 90; one, 80 to 85.

Of the three whose high school averages were be-

tween 70 and 80 one made a record between 80 and 85; and two, in the 70's.

Twenty-nine graduates in the classes of 1936 to 1943 show the following records:

Of the seven whose high school averages were above 90 four made records above 90; and three, 85 to 90.

Of the six whose high school averages were between 85 and 90 three made records above 90; one, 85 to 90; one, 80 to 85; and one, in the 70's.

Of the nine whose high school averages were between 85 and 90 two made records above 90; three, 85 to 90; three, 80 to 85; and one, in the 70's.

Of the seven whose high school averages were in the 70's two made records above 90; one, 85 to 90; two, 80 to 85; and two, in the 70's.

The above information is given as one bit of tangible evidence of the quality of work done in the Wilton High School. I should like to emphasize, however, that it is only a small part of the evidence that might be presented, since it has to do with fewer than one-fourth of the pupils who complete the four years of high school, to say nothing of a large number of pupils who enter high school and continue for only one or two years.

It should never be forgotten that a public high school, supported by the taxes of all the people, should provide for all of the children of these people as nearly as possible the kind of training and development best adapted to their individual needs and capacities. Preparation for colleges and vocational schools does not cover the entire field of the needs and interests of all boys and girls; neither does it meet fully the needs of the community as a whole. It is not enough to train the most capable or most intellectual pupils for positions of leadership, vital as is the need for trained lead-

ership in a democracy. But those who are to fill the humbler positions of followers and independent workers in a democracy need training in a great variety of different fields.

Respectfully submitted,

VERNON S. AMES,  
Superintendent of Schools.

February 17, 1944.

## HEADMASTER'S REPORT

The public tax-supported school is probably the most fundamental institution affecting society which we have, and with which we all have contact to a greater or less degree. The maintenance of such a school system free from political whims is one of the main reasons for our participation in a world conflict which by its nature challenges the motives of the existence of each and every individual. It is probably likewise true that the existence of such a school system, in which the individual is the all important unit, is the most important institution permitting a rapid and efficient transformation of a peace-loving democracy into the greatest military and naval power in the world in a short space of two years. It might be well then to consider some of the component parts of such an institution, no part of which can function by itself; all parts of which should function as an integrated whole.

From the viewpoint of administration the classroom teacher becomes a most vital cog in the wheels of education. Anything which obtains, keeps, and gives consideration to a good teaching staff is money, time, and effort spent to the best advantage. The pupils, and through them, the parents, and society itself are the direct as well as the ultimate gainers.

The pupil himself is the nucleus around which all else rotates. It is a cause of consternation among all conscientious teachers to see pupils waste ability, develop wrong attitudes, do the little things which prevent others from making the best use of their time, and do themselves the injustice of less than their greatest achievement. A pupil may be doing satisfactory work and both he and his parents are content. Unless such a pupil is spending a goodly number of hours per week studying at home he can not be said to be prepared for college or for any post secondary

institution, especially from the viewpoint of the development of proper habits of study and conduct.

It should always be remembered that in dealing with pupils we are dealing with the mind, with attitudes, with many intangibles which may cause or be the result of human conduct. The emergency farm work done by our pupils at the beginning of the year has a tendency to develop careless habits of study and indifferent attitudes towards education in general. The public schools are making very definite sacrifices of which school administrators are thoroughly cognizant. The value of such work is well stated by recent publicity from the Department of Education in Concord and is a necessity "for the duration." On the other hand the return to normal should be made as soon as possible and doubtless will be, for in some cases at least the farmers are likewise making sacrifices which are more tangible than those of the pupils.

Education takes on a new significance when one stops to think that pupils now entering high school will have to compete with the highly trained veteran of this war, a man of proven experience, in many cases a man of high military rating. The more thoroughly prepared our graduates can be in all fields, the more extensive their post secondary training can become, the more practical and varied their work experiences, the more rounded personalities they can present, the better they may be able to compete for themselves in a world torn by post war problems; problems which demand not only the best leadership we can produce but also groups of followers made up of constructively critical and intelligent persons. This is the time now for us to prepare for the solution of these many intricate challenges by training our pupils to the best of their abilities; this is the best post war planning we as a nation can produce.

It has been extremely difficult to maintain any kind

of athletic program during the past two years. Many times it would have been so easy to have dropped them in toto. Many times we might have been justified in so doing but the privileges they afford, the memories of previous contests are a large part of the things for which our boys are fighting. In spite of fewer boys and girls in school, in spite of inexperienced material, in spite of being a loser many times, the values of the game are still there for all who participate. The spirit of cooperation, the teamwork developed, and "the fight" shown by the teams are the sources of gratification to all, and are the real things which make the American such a versatile and successful warrior when it comes to "playing for keeps, all over the world." Often too we are better able to judge a person, to better guide and counsel a pupil as the result of knowledge gained from athletics. It is only just that all who have aided in any way in the maintenance of our athletic organization be given due recognition and our sincere thanks for their cooperation.

Cooperation is probably the greatest trait of character a person can learn, in school or out. Greater cooperation of all parties concerned in any social institution will obtain greater results. This is as true of Wilton High School as it is of struggles between capital, labor, and government; of misunderstandings between Russia, the United Kingdom, and the United States; greater cooperation between parents, teachers, and pupils will bring better results to all parties concerned. Pupils should be made to realize that only by the payment of taxes is our school possible, that the opportunities presented to them are thus made to exist, that they as a result have an obligation to the people of Wilton and that failure on their part is a failure to get one hundred cents value on a tax dollar invested. This illustrates the importance of cooperation in a material sense. There are many values which can not

be thus measured. It is our aim to merit this cooperation.

Respectfully submitted,  
C. MAURICE GRAY.

### REPORT OF SCHOOL NURSE 1943-1944

Routine health examinations were conducted as usual in November and December. 278 pupils were examined by Dr. J. E. Powers and Dr. C. E. Rice. 146 were found to be without defects.

Defects found:

Underweight	14
Cardiacs	(1 new) 4
Defective teeth	86
Diseased tonsils	35
Acne	2
Enlarged thyroid	1
Psoriasis	1

Home calls were made by nurse to check absences, and for correction of defects when indicated.

Twenty-nine children had tonsilectomies during the summer—28 were clinic cases.

Vision—218 children in grades 1 to 8 have had vision tests, Snellen Method. Ten have defective vision, 22 are corrected with glasses, two are under treatment.

We had a few cases of chicken pox in December and early January. Family contacts were excluded. No new cases are apparent in school since.

Several Wilton children have suffered ear infections during prevalent gripe epidemic. Audiometer tests will demonstrate hearing loss for some I expect.

Respectfully submitted,  
EDNA J. GILBERT, R. N.
